

## Bowral Denture Clinic Case Study

Bowral Denture clinic, was getting flooded when the weather turned grey. Since the SABDrain 601 150m x 150m has been installed the issue of flooding is a thing of the past.

“600ml of rainfall in 24 hours and the drain held its purpose”.

Bryan of Bowral Dentist clinic,  
2016

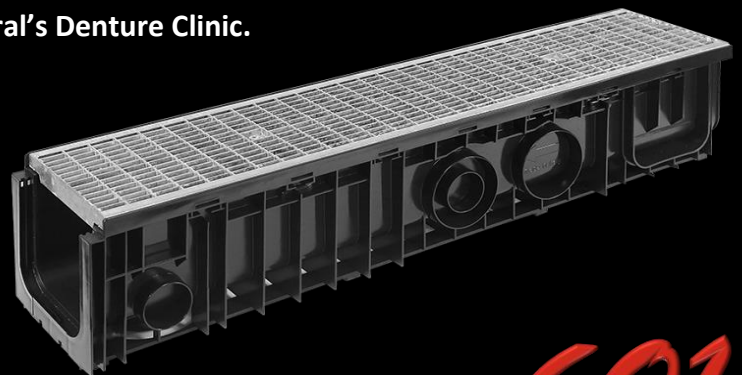

The SABDrain 601 met the requirements of the situation as supplied by the residential owner and a satisfied customer was the outcome. With a residential purpose a Class A & B grade 601 was ideal for Bowral’s Denture Clinic.

### Product Specification
