

Edensor Park Case Study

The Concrete Contractor required a SMART look to compliment the house. The SAB901 was ideal with its stylish and appealing look while still being able to meet the requirements of the industry.

The SABDrain 901 was developed for a high end architectural market with the 304 Stainless Steel Wedge wire to complement its features. With a "Heel Guard" type grate it will ensure that the metal surface would not latch a women's heels.

Above average in specification this residential home will have the lead amongst its neighboring competitors.

Product Specification

- SAB901
- Class A rated
- 100mm x 100mm x 1M
- 304 Stainless Steel Wedge wire

Benefits

- Heel Guard
