

# SABdrain

water drainage systems

<b>Polymer Concrete Channel</b>	<b>VS</b>	<b>SABdrain Channel</b>
93kg per unit (200mm x 200mm)	WEIGHT	19.7kg per unit (200mm x 200mm)
6M per hour	INSTALLATION	10M per hour
95 (Gauckler Strickler)	FLOW RATE	80 (Gauckler Strickler)
	STRENGTH	23x Greater Tensile Strength 9x Greater Compressive Strength

- ✓ High Density Material = Less Weight = Less Breakages
- ✓ Precision Assembly
- ✓ Preset cut out for corner - no additional fittings needed
- ✓ Manufactured & tested to EN1433:2008 & AS3996:2006
- ✓ High quality surface for superior hydraulic performance
- ✓ Easy to handle, transport & install
